C. E. RECEPTION TO DR. CLARK

Members of the executive committee and others met on Thursday evening to complete arrangements for Dr. Clark's visit when he passes through Honolulu on the Sierra next week, Wednesday. As his stay in this city will be lim-

ited to the few hours that the Sierra is in port, he will be able to give but one address. When the "Round the World" convention takes place in 1906, the committee hopes to have him here for several days.

The reception committee, who will go out in Young Brothers' launch, will be the first to greet President Clark, and all the Endeavorers who possibly can are urged to be at the wharf to give him the rousing welcome that only Endeavorers know how to give.

If the steamer arrives in the morning, a reception will be held during the noon hour in the parlors of Central Union church, at which a luncheon will be served for those who will have no other opportunity of meeting him, and, two hours before the steamer sails for Australia, a meeting of all Endeavorers and others interested in Christian Endeavor work will be held in the auditorium of Central Union church, at which Dr. Clark will speak. It is the For we know that 'tis true, desire of the committee that all present at this meeting will accompany Dr. Clark to the wharf, and remain until the departure of the steamer.

Should the steamer not arrive until afternoon, the meeting will be held in

The program that is being arranged for this meeting will be published later.

TO PREVENT CROUP, begin in time. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given, all tendency to croup will soon disappear. Even after the croupy cough has developed, it will prevent the attack. There is no danger in giving this remedy as it contains nothing injurious. It always cures and cures quickly.
